Subroutine

1540

1605

1615

Receive indication of selected theme  
and of associated theme information

1610

Select default theme  
layout if multiple  
are associated

Yes

Associated theme layout(s)?

No

1620

Retrieve content specified  
by theme layout

1625

Perform data logic specified  
by theme layout

1630

Retrieve user  
preference  
information

1635

Present content in manner specified by  
presentation logic of theme layout and  
in a manner consistent with preference info

1640

Other response specified  
by theme layout?

1645

Provide other response as appropriate
